

Exterior accessibility at Bakers Hall

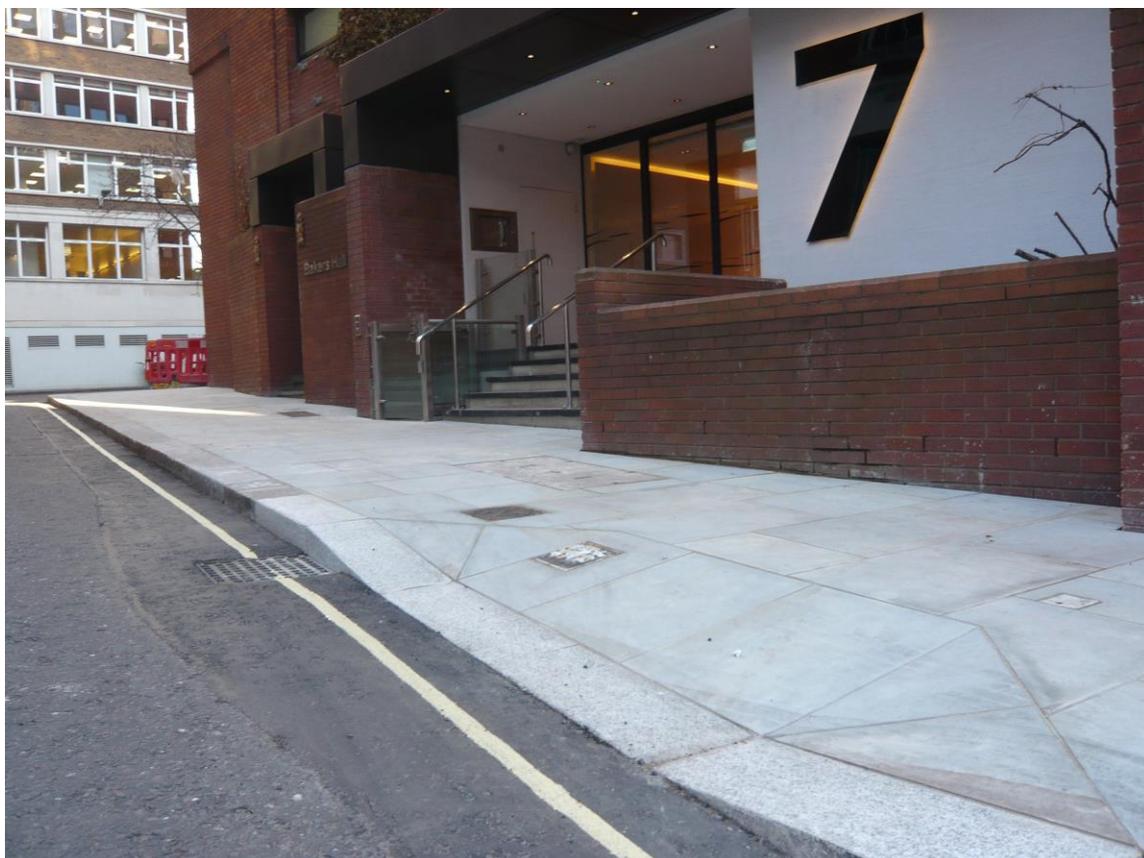

April 2017

Bakers Hall has undergone a superb refurbishment during 2016 costing some £200'000, with the express intention of making the Hall **accessible to all our guests** for the first time in its history.

Bakers Hall can be found at 7 Harp Lane, London EC3R 6DP.

The phone number is 020 7623 2223 and it is a good idea, if you can, to alert the **Beadle** to your arrival in advance if you are planning on using the accessible facilities.

When you arrive at Harp Lane for the first time, please take advantage of the newly **dropped kerb** here.

The actual **entrance** to Bakers Hall has five steps with a brass handrail leading to the entrance foyer.

However if these steps are not possible for you, please **press the bell** adjacent to the steps, and the Beadle or one of his team will come out and assist you with the **platform lift** here.

The control for this lift is key-operated by a trained member of the Bakers Hall team.

The **bell** to alert the Bakers Hall team to your arrival is here:

You can see the **controls** for this platform lift here.

This newly installed **platform lift** will take you up to the foyer level of Bakers Hall.

Please note that an **induction loop** has been installed in the Livery Hall for your use, and if you are dining with us and would like a **larger type menu**, please speak to the office in advance.

It will be a pleasure to welcome you to Bakers Hall and we trust that this short guide will make your visit a comfortable and happy one.

Kind regards,

Alan Willis

Clerk to the Worshipful Company of Bakers
