Clink Events win contract at London's Bakers Hall

[Clink Events](#), the external catering service run by innovative prisoner training scheme [The Clink Charity](#), will be partnering with Bakers Hall, London as an approved caterer from June 2018.

Bakers Hall is home to the Bakers' Company, one of the oldest City of London Liveries dating back over 800 years. With two function rooms holding up to 100 guests plus a stunning reception area it provides a beautiful setting for events. Clink Events will cater for every type of event, from drinks receptions and canapés to food stations and fine dining, offering bespoke menus in a wide range of styles and budgets as one of Bakers Hall's eligible caterers.

Commenting on the partnership, Jonny Whitfield, from Clink Events said: "We are thrilled that Clink Events has been appointed as an approved caterer to Bakers Hall and we are very excited to start working there. It's a fantastic opportunity to grow our venue portfolio, allowing us to take on more events which enables us to train and employ more prisoners, graduates of our training program and young adults from Centrepont, the UK's leading young homeless charity. We look forward to catering for some amazing events at Bakers Hall."

Martina Juhascikova, from The Worshipful Company of Bakers, commented: "The Worshipful Company of Bakers' is pleased that Clink Events is going to be a preferred caterer. This is a project that we as a charity ourselves are happy to support and believe in the good work that they are trying to achieve."

As part of its commitment to rehabilitation, 100% of the profits made from Clink Events catering at Bakers Hall events will be used to help fund The Clink Charity's training projects, which train up to 200 men and women prisoners every day, and release 500 qualified Clink Graduates into employment per annum.
